

GET RID OF ACNE WITH THE SPEED OF LIGHT.

Have you tried numerous methods to get acne under control? Now, prescription medication and over-the-counter remedies can be a thing of the past. Why deal with the wait and potential side-effects of those options when you can have clearer skin in typically just a few short treatments.

Forever Clear BBL™ is a **cutting-edge acne treatment** that uses the power of light to comfortably and effectively clear acne without creams or medicine. BBL is the **world's most powerful IPL** (Intense Pulsed Light) device delivering light energy deep into your skin to help treat acne, leaving you with **clear, healthy, radiant skin.**

ANYTHING UNCLEAR

WHAT AREAS CAN BE TREATED?

Forever Clear is generally an effective comfortable, fast, and safe treatment. Most areas of your body can be treated. The most common treatment areas where acne is found is on the face, neck and back.

HOW LONG DOES THE TREATMENT TAKE?

It can take as little as 15 minutes, depending on the area you are looking to treat. You can expect to see an improvement after just one treatment, but treatment time and total number of treatments needed vary from patient to patient.

IS THE TREATMENT UNCOMFORTABLE?

The procedure is non-invasive and typically gentle and safe. Generally, there is no need for a topical anesthetic, however, your clinician may choose to use it depending on his/her patients' needs.

WHAT SHOULD I EXPECT AFTER THE TREATMENT?

You may experience some redness that should resolve within a few hours. Consult your clinician if it does not. Your treated skin will look clearer and pores will be less noticeable. Your clinician provider will provide you with more information on what to expect as well as give you an aftercare plan to follow that will involve avoiding direct sun exposure and using sunscreen.

WHAT IS THE RECOVERY TIME?

There is typically no downtime. Most patients can wear make-up and resume normal activities immediately. Please follow your clinician's aftercare plan until skin is completely healed – typically about one week after the treatment.

Clear  **BBL**

YOUR SKIN IS IN THE CLEAR

FOREVER CLEAR BBL

USES A UNIQUE THREE-STEP PROCESS
NOT AVAILABLE ON OTHER IPL'S:

STEP 1

Skin is first treated with **BLUE BBL** light to eliminate acne-causing bacteria at its source, deep down in the pores.

STEP 2

Skin is then treated with **YELLOW BBL** light to reduce the inflammation and acne-associated redness to give you healthy, luminous skin.

STEP 3

For added benefit, the skin is then treated with **INFRA-RED** light in rapid, gentle pulses to initiate the body's natural healing process.

Your physician will develop a personalized plan which may include add-on and follow-up BBL treatments, as well as a skincare regimen for clearer skin that lasts. **Forever Clear BBL** is great for both teens and adults:

- Non-invasive
- Virtually painless
- Generally no downtime
- Typically quick and easy

Acne is the most common skin condition in the US, affecting up to **50 million Americans*** & **WOMEN BATTLING ACNE WELL BEYOND THEIR 30'S.**

“ I've had acne for a long time and have tried facials, creams and peels with little success. **Forever Clear BBL** has not only managed to get my acne under control, but my skin has stayed clear! Plus, my skin looks even younger!

Lorraine, 61 years old

“ My self-confidence was really low (because of my acne). I tried everything! Nothing worked. I am so glad I got the Forever Clear BBL treatment: it made my skin look perfect and I feel fantastic! I would recommend it to my friends, because it works!

Kailey, 15 years old
